*«A global, made to measure, solution for all your projects »*

● Process Design

● Basic Design

● Detail Engineering

● Fabrication 

● Tests & Factory Inspection

● Installation & Commissioning Start-Up 

# A UNIQUE POOL OF KNOWLEDGE & EXPERIENCE

- P&ID preparation, functional specifications
- Thermal & Mechanical calculations
- 3D Modelling
- Detail Design

- Construction of structures, pressure vessels and pipework
- Electricity & controls
- Start-Up, commissioning & performance testing
- Integration of instrumentation and valves

## EXAMPLES

Dimensions: 3m x 10m - Weight: 25 T

Dimensions: 11m x 2.1m - Weight: 9T

## + OUR ADDED VALUES

- + Design adapted to your needs
- + Reactivity & flexibility
- + Single point contact
- + Global commitment of performance
